## EXPERIENCE

**Full Stack Software Developer Internship**                    **August 2020 - October 2020**
**TrueCoders | Hoover, AL**

Created multiple projects including:

- A portfolio website site using HTML5, CSS3, BOOTSRAP, JS & jQuery.
- A fully functional Tech Blog Website with implemented enhanced role & security features, used a Code First Relational Database designed in SQL Server (MSSM), deployed on Azure. Technologies used include C#, ASP.NET, LINQ, SQL, Entity Framework, HTML, CSS, JavaScript, jQuery Data Tables and Razor Pages.
- Designed an ecommerce website using Database First Approach in SQL, implemented enhanced login & security, an admin page, and checkout features. Technologies used include: ASP.NET, MVC5, C#, LINQ, SQL, Entity Framework, HTML, CSS, JavaScript, jQuery and Razor Pages.

**Information Technology Systems Technician**                    **May 2020 - June 2020**
**Clark County | Las Vegas, NV**

- Assisted in providing software and hardware support (design, installs, tests, document, and maintain local area network systems; troubleshoot and resolve hardware and software issues).
- Actively participate in providing 2020 Election IT support/setup of multiple networks of computer systems used in various locations.
- Perform various software upgrades or assigned chores under the supervision of the IT Department head.

**IT Support/Audio Visual Technician**                                         **July 2017 - April 2020**

**Encore Event Technologies | Las Vegas, NV**

- I performed daily set-up and troubleshooting of computers and Audio/Visual equipment for clients.
- Provided IT support to the client whenever services are needed.
- I trained 5 new employees on departmental procedures and excellent performance of daily duties.

**IT Specialist, Technical and Media Coordinator**                    **March 2016 - June 2017**

**Solid Rock Phoenix | Glendale, Arizona**

- I provided IT support for all organization's offices and trained users on new technologies.
- I performed regular updates on organization's WordPress website, social media and blog pages.
- I provided professional audio-visual services during organization's live events and broadcasts.
- Coordinated Inventory & maintenance of all equipment, and mentored all technical volunteers..
